

Introduction to  
“St. Thomas’ Music Survey”

Attached you will find a survey which is being carried out under the direction of Parish Council at

The purpose of the survey is to determine a “**Vision**” for music at St. Thomas’ and to make recommendations to Parish Council on future directions.

All members of the St Thomas community are encouraged to participate in the review by completing this survey and expressing your opinions. The results of the survey will be used to draw some insight into the direction and assessed needs for music at St. Thomas’. From this information a **vision for music** and future **job description for a director of music** will be created so that it will be available for when Fr. John decides to retire.

Please enjoy completing the survey which is readily available through the church office, or as a download from the resource page at [www.stthomasbelleville.ca](http://www.stthomasbelleville.ca)

It would be appreciated if these completed forms could be returned to the office no later than the last Sunday in June, 2011.

Thank you for your time, your interest and your direction. It is difficult to move forward in a meaningful way without your help.
